Description / Ref

Self recovery matting - 11723

Photo (a gallery of photos is provided below - *where available*)

Details

The approx dimensions of the recovery sheets are:

Length: 3000mm

Width: 500mm

Thickness: 12mm

The construction of these rolls of recovery matting is from a composite material.

This enables them to be rolled up for storage and then rolled out when needed.

They are also very lightweight.

Videos (if available)
